Subject: F.J. Doyle Volume Calculation Table(s)
Attachments: 08.10.18 FJDoyle_Grids_Volumes_Calculations.xls; Copy of FJDoyle_Grids_Volumes_Calculations.xls

All:

Attached is the template table for the grids and then the one I did to come up with volumes. I added additional volume to mine but you may want to do it straight from the excavation map to come up with volumes that are based upon the projected volumes and then add a percentage.

Thanks
